

Dear **RADIO 74** listener and friend,

We trust you're doing well, and that you're happy and hopeful, despite the difficulties!

We thank every listener and supporter for your solidarity in keeping this "exception-to-the-rule" radio service on the air, totally different from other radio stations which dwell on entertainment, material things and politics. **RADIO 74** deeply cares about you personally, your health, your home, family and lifestyle. Focusing on the most significant issues of your life, we teach kids and adults positive values based on the Word of God, the key element to happiness which is missing in our secularized world. Thank you for supporting this valuable radio service! We love you. We love serving you. The **RADIO 74** team cares. We're here to help, to bring hope. Call or write anytime.

News About **RADIO 74**...

A warm and hardy "*thank you*" to listeners who, altogether, gave over 45'000 CHF (39,000 euros) from December through February, helping stave off a looming crisis that during the past five years has threatened the demise of **RADIO 74**.

DAB+ fees for transmission of **RADIO 74** in Switzerland are now up to date through the first quarter 2018.

The principal unpaid debt is rent on our main radio studio which has fallen two years (!) behind, 22'200 CHF (19,200 Euros). If a substantial portion isn't paid by end of March, we risk eviction. Also, salaries and charges are five months behind, 38'000 CHF (33,000 euros).

Operating debt remains over 60'000 CHF (50.000 Euros). But despite the weakened Swiss Franc, the good news is that listeners are donating sufficiently to sustain current operations. So once back debt is cleared, we've good reason to expect **RADIO 74** finances to stabilize.

Could you... would you help clear the debt? Use the enclosed BV (bulletin de Versement) for donations from one to 5,000 CHF. Above that amount, please call **RADIO 74** to arrange the best way to transfer funds. And you can now donate on line: www.radio74.org

Also, hope has been rekindled that **RADIO 74** will at last have its own studios, offices and room for listeners to visit in about three years? After five years of legal wrangling, a French appellate judge ruled in September, 2017, the funds we invested to construct a studio building must be returned to us within 18 months, or else we can seize the building and auction it.

Out of the Ordinary...

Why do you listen to **RADIO 74**? We'd like to read your thoughts. We already know you are a discriminating listener. But do you listen mainly for information and intellectual stimulation, news and weather? Or rather the music, gentle atmosphere and accompaniment? What intrigues you, is worthy of your time and meets your needs and passions?

RADIO 74 is constantly re-evaluating and seeking to improve its programming. Will you help us by completing and returning the enclosed Listener Survey? Your input is important to us. Thank you!
